Objective

I am a young, determined individual who is eager to learn new skills and develop my existing skill-set. I havegained valuable transferable skills throughout previous employment working as a lead software developer, which Iam enthusiastic to implement in my employment. I have strong organisation and time management skills whichhave assisted the efficiency of tasks being completed. I have a keen eye for attention to detail and I have excellentproblem solving skills. I am honest, punctual, reliable, and enthusiastic, and I would love the opportunity to provesuch qualities. I have experience working in and leading agile (scrum) development teams, and have exceptionalcommunication skills, both when it comes to conversing with co-workers, and external customers or clients.

Skills

I am proficient in navigating and configuring unix-like systems, and I am strongly adept with PHP, GO, Python3,and Web Development technologies.
